OUEEN & CO., Opticians, PHILADEL PHIA "Has been more destructive to human health and life than war, pestilence and famine combined." So said a distinguished writer many years ago, and it is as true to-day as then. The poor victim of Blood Disease is drugged with Mercury to cure the malady, and then dosed with iodides to cure him of the Mercurial Poisoning; but instead of any relief, the fest breaks down his general health and makes him a cripple, and the other ruins his digestive organs. To those afflicted in this way Swift aspecific is the greatest bon on earth, and is worth more than its weight in gold. It antidotes this Mercurial Poison, tones up the system and brings the sufferer back to health and happiness. Every person who has ever been salivated should by all means take a thorough course of this remedy.

JEFFRESONTILLE, Twiggs Co., Ga. Five years ago I found on my plantation a colored man who was badly diseased. He stated that five years before he had contracted a violent case of Blood Poison, and had been treated by many physicians, all falling to cure him. I treated him will Swift's Specific, and in ashort time he was sound and wall, and has not had a symptom of the disease since.
